

**Studio production
And newsgathering facilities
In Beirut - Lebanon**

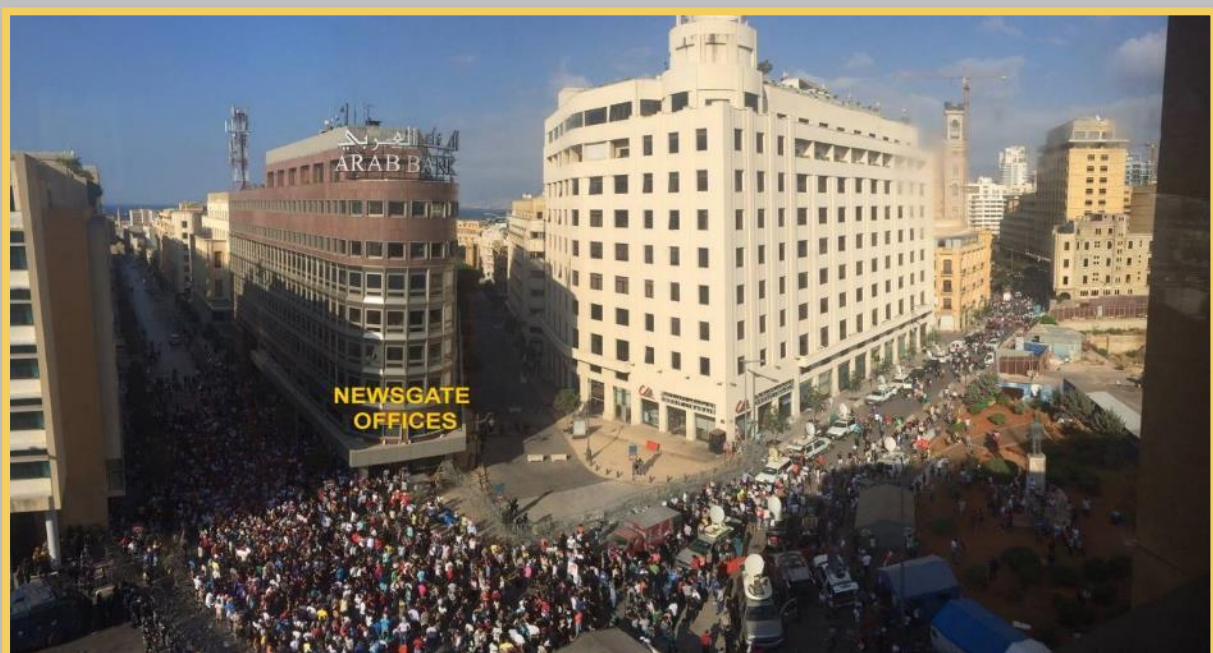

NEWSGATHERING FACILITIES

Located in the heart of the Lebanese downtown district at a short walking distance to all the major official and Governmental locations. Newsgate offers a unique and comfortable Newsgathering environment for your reporters to operate and run their search for news.

A production team will assist them in every aspect.

We are in the middle of everything

Newsgathering facilities consist of:

- 4 one camera studios.
- 1 four camera studio.
- 2 street-live standup position.
- Full HD & SD.
- 3 editing suites.
- 3 full time editors.
- 5 full time ENG crew.
- 190 sq. meters of office space.
- 2 SNG trucks.
- 2 fixed and 1 motorized uplink.

Booking & Coordination Center

Newsgate operates a fully equipped booking, uplink, monitoring and coordination center available and manned **24 hrs. /day** by professionals who can communicate in **English, Arabic and French.**

The aim of this center is to provide full coordination and assistance for broadcasters and find solutions and turn-around to make sure that the satellite feeds and live shows are received properly.

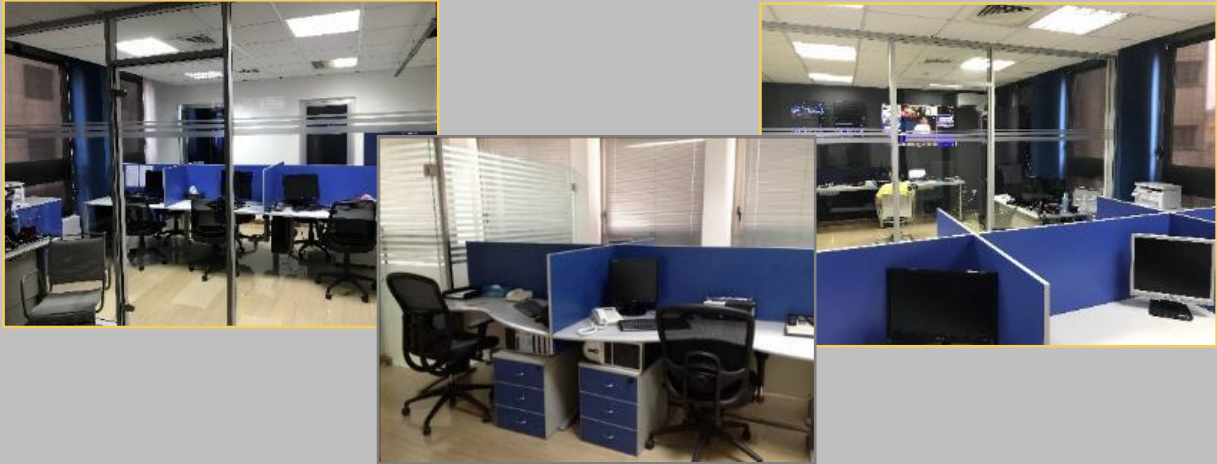

Press room

Each reporter working with Newsgate will have his / her own private desk, PC and phone in a comfortable and fully equipped news room taking advantage of all the necessary facilities and access to a high speed internet connection to make his job as easy as possible.

Private and independent offices

Reporters and crew can have their independent private offices and editing suites in two different sizes (1200 or 1600 sq. feet) reflecting a private workspace for writing, editing or even receiving guests. The private offices could be branded with the client logo if you see that as an advantage.

Security

Our newsgathering facilities are in the same building where the **Lebanese customs headquarters** is located. The main entrance is always guarded by 2 armed soldiers making sure than no suspected persons enter the building. A 24/7 janitor service is also provided by the building management.

Production support

Production assistance is available to meet the requirements of your reporters and run the operation of the crew and feeds as well as finding suitable guests for your news windows or talk shows. During our long years and experience in this business we have gathered a considerable amount of data which allows us to find the most convenient guest for your bulletins and talk shows.

Live single camera studio

The live shot studios with distinguished backgrounds of the major Lebanese landmarks.

Editing

3 non-linear editing suites. 3 full time professional editors.

LIVE or live2tape Multi-Camera Studio.

A 4-camera studio is available within our Newsgathering facilities in downtown Beirut that can be used for any light talk show or breaking news live transmission with multiple guests.

SNG trucks

Newsgate owns and operates 2 trucks and have access to 2 others when needed. All SNG trucks are fully equipped with camera gear, lighting, and IFB mobile lines. They are operated by professional and experienced engineers, cameramen and sound engineers.

Booking the SNG for a scheduled show requires a 30-minute prior notice while in breaking news immediate action will be taken by deploying the SNG truck on location.

Permanent live street standup position

Newsgate has a unique and remarkable live position with Riad El Solh square or the Bank's district in the background.

All demonstrations, protests and sit- ins takes place in the background which makes in a very suitable place for live coverage.

Breaking News

Our ENG crew and the mobile SNG units are instructed to move immediately to any breaking news without waiting for the client's order.

Pool footage

Newsgate is part of the pool footage and live transmission circle along with the Lebanese TV stations. This allows us to have access to all live coverages, press conferences and breaking news. Newsgate is the official distributor of 2 major leaders and political parties in Lebanon.

Green room

A comfortable reception area is designed to accommodate guests waiting to participate and will be offered a selection of hot and cold beverages.

Guest transportation service

Newsgate will make sure that your guests appearing in news bulletins or talk shows will be given the appropriate assistance and support. Transportation back and forth will be available as well as close follow-up from our booking & coordination team to make sure your guest arrives at least 15 minutes before the show. A detailed bill will be provided monthly containing dates, amounts and names of guests.
